

Residential Solar Financing

Financing a sustainable tomorrow

greenpennySM

Harness the Power of the Sun

Reduce energy consumption from the grid and save money. Solar electric systems are efficient, low maintenance, and last a long time. Power your home with clean energy that protects our planet for future generations.

SAVE

- ✓ By installing solar, you can claim the 26% Federal Tax Credit.
- ✓ The immediate reduction in monthly electricity spending is usually enough to cover the solar loan payment.

Greenpenny and its partner Decorah Bank & Trust Co. have financed over 100 clean and renewable energy projects.

greenpenny Features

Swap your monthly utility bill for a monthly solar payment.

- ✓ Finance up to 100% with no money down
- ✓ Borrow up to \$40,000
- ✓ Fixed interest rates - so you're protected from an increase in payment costs
- ✓ No prepayment penalty
- ✓ No hassle, automatic payments available through a qualifying deposit account
- ✓ See loan rates and terms on [greenpenny.com](https://www.greenpenny.com)
- ✓ Get pre-approved with greenpenny so you know how much to borrow. It's that easy.
- ✓ Approval is valid for 120 days. Arrange financing now and schedule your project with confidence!

Visit [greenpenny.com](https://www.greenpenny.com) to apply online in minutes for your solar financing needs.

Our Promise:

Money deposited in greenpenny is used to finance renewable and efficient energy projects, helping to reduce carbon emissions. Deposited funds will finance energy projects as they are available. We will report on our success annually. We invite you to explore all we have to offer so that together, we are stronger.
